The aquarium of the undersea hotels

This type of aquarium is so beautiful.
And present pieces of beauty and nature.
When you sit near the window of the hotel Undersea,
The window will become a fine natural aquarium
In which you see sea water and fish in the color
And the window will turn into a natural aquarium
Through the movement of the ship, you see different fish.
There will be different kinds of animals and plants.
The window aquarium will become a show case.
Which will disclose all the sea treasures to us there
I cannot describe the beauty of the window aquarium.
So anybody can see it under sea hotels in this matter.
